Subject: WC Docket No # 12-375

ACCEPTED/FILED

Importance: High

MAR 25 2014

Federal Communications Commission
Office of the Secretary

Chairman Wheeler,

I respectfully request that WC Docket No. #12-375 be **STAYED as it applied to Sheriff's and Jails.**

This order fails to take into account the challenges inherent in providing and operating calling services to the majority of the jails in the nation. I certainly understand you wishing to do what is right, however, did the board take into consideration the high turnover of inmate populations in the nations jails? The cost of maintaining the calling systems?

These types of calling systems are built to each unique needs of each County jail in the nation. They provide a variety of safety and security components unique to each jail in the nation.

This order could very well force many jails to not provide calling systems at all. I respectfully request the entire board work with the National Sheriff's Association to reach an informed decision which will be fair to all.

Sincerely,

Jeff Cappa
